

Red Cross Shelter Operations

Some individuals may choose to take shelter operations to be more prepared to be involved in the operations of a rescue shelter as ALERT took part in during the December 2008 ice storm in NH.

The seminar is instructed by an American Red Cross certified instructor.

Seminar includes:

***Classroom instruction of a shelter s many components**

*** Overview of a shelter set up**

*** ARC shelter protocol and forms**

***How to handle various shelter clients**

*** Hands on exercise at conclusion of seminar**

Individuals will leave seminar with a good understanding of how a shelter operate and what is expected of the individual staff member.
